# Connecting Montessorians in Europe and Beyond

## ABOUT US

Inspired by Maria Montessori's legacy, Montessori Europe connects Montessorians in Europe and beyond, to critically engage with Montessori values and practice in the service of the child. Recognising the 2030 Agenda for Sustainable Development, alongside specific initiatives such as the UNESCO Futures of Education programme, we offer events and other opportunities to encourage networking and collaboration, promoting the exchange of ideas and mutual support, facilitating the preparation of today's children for tomorrow's world.

## ANNUAL CONGRESS

Alongside online events, e-newsletters and monthly inspiration blogs on our website, we come together with participants from across Europe and beyond every year for our Annual Congress.

This year's Annual Congress takes place in Gdansk, Poland, from 29 September - 1 October. The theme of this year's Annual Congress is: **Promoting Solidarity and Social Justice in Education**

We are excited to offer an extended programme which starts with a Research Day alongside our usual school visits programme on Friday 29 September; offers keynotes and workshops on Saturday 30 September; and shares a unique sustainability programme for adolescents, alongside a special Panel Discussion for adult delegates, in which we look to critically engage with and "bewilder Montessori in the service of the child" on Sunday 1 October.

**Preliminary programme:** available online from 30 April 2023.

**Registration for Montessori Europe members:** from 1 May 2023 offering early bird access to registering for workshops and school visits.

**General registration:** from 1 June 2023. Find out more on our website.
